Committee Reports

Sunshine Committee- Has a new leader. Paula Rochmont is accepting this position. Supplies will be transferred this month.

Neighborhood Watch - Carrie Hatten advised that there are not a lot of incidents in our area. Domestic issues are up due to quarantines, no incidence of COVID -19 in PD. Layla let Carrie know of concerns with social distancing and deliveries that are being made by a semi-truck in the sub-division. A report was made to non-emergency re: this house. Businesses are not allowed to be run out homes, so city will handle this. This is causing traffic, parking and behavior concerns with neighborhood.

Ordinance Report - Beth Covell and Brian Liberadzki are now liaisons. Brian has given people verbal notifications regarding blocking driveways and trash cans.

5013C Teen Leadership - no one has agreed to take this over. Looking for leader.

Block Captains - Need to recruit, so this is on hold while we are Stay Safe, Stay Home status is in effect.

Membership - Goal is to finish it by end of April, dues letters/envelopes will go out in next edition. Trying to time it, to relate to Stay-Home-Stay-Safe and other current issues.

Storage Units- Needs to be cleared of dictionaries that are going to third graders in the area. Lisa Hicks Clayton has agreed to clear these of storage units.

Entrance signs may be changed to include Stay-Home-Stay Safe. This will be done by Tracy without expense.

Capital Projects - Project Brainstorm Results:

- Neighborhood Day / Block Party - catered for base food, and potluck for rest.
- Curb number painting - Lisa will check the bids getting this paint. Stencil/spray paint..etc..
- Movie Nights - Family movies

Events or projects that are decided must be costed by leader of that project.
